# HELPFUL HINTS

## **We do not proof read your documents.**

Ultimately it is your responsibility to make sure that your documents are correct before they are sent to us. If you wish, we will print out a proof sample of your document(s) for you to look at **BEFORE** we print your job. Once you approve your sample, we will proceed with printing your job. All you have to do is let us know on the job ticket.

Please be aware that there are different versions ADOBE and of Microsoft Office on campus and yours may be a different version than ours. Files may not transfer from your computer to ours flawlessly so we strongly recommend providing us with high resolution PDFs instead of Office documents...especially if you are using a Mac.

If we have to create or make any changes to a document for you, a proof sample for your review will always be provided to you either electronically or as a hard copy. **It is your responsibility to make sure everything is correct.** We will not begin printing until you sign off saying the proof is ok so please check everything carefully.

---

## DESIGN / SETUP

We do not provide any design services. If setup for a printing job including typesetting and fixing documents or lists, charges will apply and will be charged the manual labor rate of \$30.00 per hour with a minimum \$12.50 charge

---

## TURN AROUND TIME

We will do our very best we can to complete your requests as soon as we can but please allow for a minimum 2 business day turn around for simple jobs. Please allow 3 or more business days for larger or more complex jobs. We understand that last minute rush jobs do occur, however, please keep in mind that your last minute rush job may cause someone else's job to be late. If you have a job coming up, please let us know but we do not reserve any time in our schedule and work on jobs in the order that they are received. It is extremely important that you submit a completed job request with as much information as you can provide so we do not have to call or email you with questions or clarifications. This may add to your requested completion deadline.
